DEMOCRATIC TICKET.

FOR GOVERNOR,
W. B. BATE,
OF DAVIDSON.

Governor Hawkins, in all his speeches, tells the people the Republicans brought about the present prosperity of the country. This is very far from being true, for as a party the Republicans had nothing to do with it. The prosperity of the country is mainly due to the farmers. The planters, or farmers, of the South raise every year six millions of bales of cotton; this is worth three hundred millions of dollars. The other farmers of the U. S. grow immense crops of wheat, oats, corn, parley, rye, &c. They also raise large numbers of cattle, hogs and sheep. And an immense quantity of cotton, wheat, corn, beef and pork is shipped to foreign countries—and this is principally what is making the country prosperous. Any legislation that has assisted to make the country prosperous is due to the Democrats. Our readers will recollect that in 1873 the Republicans repealed the law to coin silver, and for a long time a silver dollar was not to be seen. As soon as the Democrats got a majority in Congress they passed a law providing for the coinage of silver. Mr. Hayes, the fraudulent Republican President, vetoed the bill, but the Democrats, with the assistance of a few Republicans, passed the bill over the President's veto. Since that time silver dollars have become tolerable plenty. The mint now coins twenty-five millions of silver dollars every year. Recollect, people, when you see a silver dollar, that it was by the votes of the Democrats that you got it. This measure, passed by the Democrats, is adding twenty millions of dollars to the circulation of money in the country, every year.

We have received the second number of the Chattanooga Daily Democrat, the new and true Democratic daily established at Chattanooga by the Democrat Publishing Company. The new paper is well printed, ably edited, and is full of spic and interesting reading matter. The Democrat is a sound Democratic organ, and, of course, supports Gen. Bate for Governor. We cordially welcome it to the ranks and predict for it a successful and useful career.

The Chattanooga Democrat states that efforts are being made to have the reward for the Taylors increased. By mistake, the present reward was published as \$16,500, when it should have been \$5,500.

The Taylors are still at large.

Remember the Fair next week.

The Blount county Democracy is "all right."

Send us the news from the various districts in the county?

The Democracy of Knox county has put into the field a strong Legislative ticket, as follows:

Capt. W. L. Ledgerwood and Squire Edward Legg.

Capt. Ledgerwood is a fluent and brilliant speaker, and in 1880 made a splendid record as a Hancock elector. Squire Legg is a man of sterling integrity and fine business ability and is highly respected by all. Knox county will be creditably and ably represented if these gentlemen are elected.

The Democratic Executive Committee also recommended the following ticket, which is now in the field: For Floater, Knox and Loudon counties, Capt. I. C. Grant. For State Senator, Knox and Anderson counties, J. C. J. Williams.

Capt. Grant is "one of the people," thoroughly posted in public affairs, and full of energy, courage and all the elements that make a successful and popular business man and politician. Mr. Williams is one of the ablest and most sagacious Democratic politicians in this section of the State, has an untarnished personal record, and is popular with all classes as a lawyer and as a citizen. Such a ticket ought to win; we trust it will.

Col. R. K. Byrd, of Kingston, was in town this week, circulating among his old friends and the people generally. Colonel Byrd organized the first Regiment of East Tennesseans for the Federal army, and was a gallant and popular Union officer throughout the "late unpleasantness." He is now an independent candidate for the State Senate in this District, and will no doubt be favorably remembered by his old comrades of the Federal army. He is also a "Mexican veteran," having been in the Mexican war. Being well posted in public affairs, and having the courage and will to do his whole duty as a soldier and as a public-spirited citizen, his claims for political preferment cannot be overlooked. His candidacy is elsewhere announced.

Squire Jas. W. Hitch is announced as an independent candidate to represent Blount county in the next General Assembly of Tennessee. Mr. Hitch is well known to the voters of Blount county as a man of integrity and honesty. He is unassuming and straight-forward in his manners and firm and faithful in the discharge of all duties either imposed or self-imposed. As an independent candidate he claims the suffrages of his fellow-citizens.

Judge Dan Frewitt is the Republican candidate for Congress in the Third District. He is opposed by Gen. Dibbrell, who will doubtless be elected.

We have had an unusual "rush" of job work this week, which accounts for the scarcity of reading matter in this issue. Then, too, our advertising matter is accumulating at a rapid rate. Bear with us a while, patrons.

The Democracy are rallying for Gen. Bate.

The outlook is cheering for the Democracy.

Geneva, New York, claims to have a lady physician whose income from her profession alone, for the last year, was \$23,000. Her practice has grown so that she has been obliged to employ an assistant. She keeps three horses, one of which always stands ready at the door to answer any lady summons, and one of the other of the two physicians, unless in actual attendance on the sick, is always at the office prepared for any service.

The Democrat will hereafter be issued on Thursday.

FROM THE PEOPLE.

Bate in the Ascendant.

KNOXVILLE, SEPT. 20, 1882.

EDITORS DEMOCRAT: The Democrats of this city are much elated over the recent change of the DEMOCRAT from a Fussell to a Bate organ. They now feel that it is in accord with the Democratic party, as well as in accord with the sentiments and convictions of its readers, for it is no longer problematical that nine-tenths of the Democrats of Blount county are in favor of Gen. Bate and of the platform on which he stands. You can yet do some effectual work for the State ticket, and no doubt you will make it tell from this on.

The signs are indeed very encouraging from one end of the State to the other. Tell your people so, and assure them, as I know you will, that our cause is gaining ground from day to day. As election day draws nearer and nearer, hundreds of Democrats who started out for Fussell are dropping him and falling into line with the true Democracy. This is a fact, and one you can confidently rely upon as strictly true. It is so in this city. As to the county, I know of but one Fussell man, and I am persuaded he will in the end, vote for Bate. West Tennessee is almost solid for him. There is some disaffection in portions of Middle Tennessee, but it is fast giving way and a more healthy political sentiment taking its place. At the same time, Fussell cannot carry a single county—not one. He can't even carry his own county, nor the county (Montgomery) in which Senator Bailey resides; nor the one (Madison) Senator Jackson lives in. In fact, he can't carry a single county in the State.

Under these circumstances, why should any Democrat vote for Fussell unless he is leagued with the Republican party, and is thereby aiding in the election of Hawkins? He must know—he can't avoid knowing—that there is no possible chance for Fussell and that the race is with Bate and Hawkins. If he still persists in adhering to the hopeless fortune of Fussell, it must be because he desires the election of Hawkins. No other construction can be put upon his course.

But, be of good cheer! Bate will be elected by a handsome majority—say, 20,000. Never was Democracy more in deadly earnest than now. All over the State it is aroused and realizes the necessity of defeating Hawkins.

You have, of course, seen our Legislative ticket. It is a strong one and will win. Captain Ledgerwood and Squire Legg for representatives, J. C. J. Williams, Esp., Senator, and Mr. I. C. Grant for Floater. Altogether we have never had an abler ticket. The terrible feud between the Honk and Rule factions will become an important factor in securing its success.

MORE ANON.

Cade's Cove.

EDITORS DEMOCRAT: As I have not saw anything in your paper from this, the 16th District of Blount county, for a considerable length of time, I thought some of your many readers might like to hear from Cade's Cove one time more.

Our people are having very good health, notwithstanding we have had two deaths in the three last weeks. John Tipton, Sr., departed this life Aug. 23, 1882, after lingering some two or three years, suffering a great deal at times, with a chronic disease, the result of a hurt several years ago. He told his friends that he was willing to go at any time, had nothing to fear, that he had suffered a long time and wanted to be at rest. We have hopes that he is gone where suffering

is unknown. He leaves a wife children and friends to mourn his loss; while they mourn he enjoys heaven with all its happiness. God giveth and God taketh away.

We regret very much the death of old grandmother Susannah Gregory. We have been acquainted with her 30 odd years, and never in all that time knew her to do anything to wound the feelings of any one. She lived in the Baptist Church 40 years or more, and we never knew her to neglect a Christian duty. She departed this life Sept. 3, 1882, aged 90 years, 3 months and 27 days. She died in the full triumph of faith, leaving many friends, relations and acquaintances to mourn her loss, and not one enemy to her left behind. We feel assured that our loss is her eternal gain.

Wet weather and weeds are booming. Wheat threshing is about over; wheat turned out far better than was anticipated at first. We have made at least one-third more wheat this year than our usual crop. Our corn crop is not thought to be as good as last year, and is going to be late; it is feared that some fields will be "eaten" by jack frost. Wet weather is injuring corn now; no time to save fodder nor prepare for sowing wheat; very little fallow land has been turned yet to sow wheat; though we are doing the best we can. Pastures are good, cattle doing well. Hogs are dying with cholera, and are very scarce, so much so we fear we can't have enough to make our meat. Fruit, apples especially, are plenty and very fine. We are running six evaporators, drying apples. You may be sure we will have some nice dried apples by Christmas if no bad accident befall us.

The creek seems to be fuller than for years at this season of the year, running over meadows and corn fields, destroying both hay and corn. Our oldest citizens say they never saw as wet a summer season as the present has been.

CORRESPONDENT.

Cade's Cove, Sept. 11, 1882.

The Problem Solved!

MARYVILLE, TENN.,
Sept. 26th 1882.

EDITORS DEMOCRAT: Find the interest on any sum at 3 per cent. for 100 years; then find the interest on three-fifths of that sum at 6 per cent. for the same period; take the difference in the amounts of interest and you have the State bond question solved.

For illustration: The interest on \$1 at 3 per cent. for one year is 3 cents; and for 100 years it is \$3.00. Three-fifths of one dollar is 60 cents, which at 6 per cent. interest, is 3 cents and 6 mills, which if multiplied by 100 years make \$3.50. Now deduct \$3.00, the interest at 3 per cent., from the amount at 6 per cent., and you have 50 cents as the difference on one dollar in favor of the bondholder. Apply this principle to the State debt question, and it makes a net difference of eighteen millions in one century, nine millions in fifty years, and four millions and one half in twenty-five years, in favor of the bondholders, who are "starving," while the dear people are luxuriating in an abundance of money and a super-abundance of "fat things," and each poor bondholder crying "dum encor ego famel! Hawkins! Hawkins! Save, or we perish!"

The South Tredgar Iron Works of Chattanooga are now turning out 150 kegs of railroad spikes daily. About 500 kegs of nails are daily clipped in the nail works. Three hundred hands are employed in the works.

The colored Republicans of Shelby county who are making such a gallant fight against the white leaders monopolizing all the office, are not alone in striking that independence by which they have everything to gain and nothing to lose. The revolt of the colored people against the injustice of the Republican party pervades the colored race in all sections of the Union.

OBITUARY.

Mrs. Lucinda Ann Means, of the 6th Civil District of Blount county, Tenn., departed from this life about the hour of midnight on the 17th inst. Deceased was born Sept. 15th, 1821, and, consequently, was sixty-one years and two days old. Her maiden name was Lucinda Ann Frow; she was one of a family of nine children, one only of whom, a sister in the west, is still living. She was married to Wm. M. Means, June 9th, 1841, and settled where they have since resided and where she died. She was the mother of two sons and two daughters; the daughters only survive her. She joined the New Providence Church, Maryville, Dr. Isaac Anderson, pastor, when twelve years of age, and afterwards connected herself with Clover Hill Church, as this was nearer her home. She was a consistent member, and firmly attached to Presbyterian usages and doctrines. She was also an active member of the Clover Hill Woman's Missionary Society, and expressed her gratification during her sickness that she had done something to promote its ends.

The Bible was her principal reading, and this she read to the exclusion of almost every other kind of literature. When three months prior to her death she was taken sick, she said at once and decidedly, that she should not recover, but she had no anxiety about her future state; she had a strong and an abiding hope in Christ which continued as the anchor to her soul to the last moment.

The disease of which she died, (probably cancer of the stomach,) caused her great suffering; but, as she slowly wasted away, and finally drew near the dark valley, she committed herself wholly to Christ, and calmly awaited the issue. And now "the rest that remaineth for the people of God," for which, during her few last days on earth, she so earnestly longed and prayed, we believe, she is experiencing in its precious fullness.

In Cobb county, Ga., a natural ink is found which neither corrodes, fades nor freezes. The records of the county are kept with it.

The Irish Presbyterian Synod has adopted resolutions strongly condemning the growing practice of sitting instead of standing during prayers.

Sale of Valuable Mill Property

AND
Farming Lands.

[CONSOLIDATED CAUSES.]

R. N. Hood, Trustee,
vs.
Thomas Sanderson, et al.,
and
Dinah Hodgson
vs.
Thomas Sanderson, et al.

PURSUANT TO THE TERMS AND provisions of a trust-deed read to me by Thomas Sanderson, which is registered in Book G. G., pages 595 and 597, of the Register's office of Blount county, Tennessee, to which reference is here made; and pursuant to a decree rendered by the Chancery Court of Blount county, in the above stated causes, on the 15th day of June, 1882, I will, on the 6th day of Nov., 1882, at the Court House door, in Maryville, Tenn., sell to the highest bidder two tracts of land situated in the 12th civil district of Blount county, Tennessee: one tract known as the Martin Mill place, containing 339½ acres more or less, adjoining the lands of Campbell Adney, Martha McKamy, Wm. Hall, W. H. Wright, James Harris, James Wolf, Robert Kidd, and perhaps others. The other tract is in what is known as the Far Kin Valley, and contains 98 acres more or less, adjoining the lands of Charles Ott, Isabella Henry, Wm. Hall and perhaps others.

Said sale will be made subject to the homestead rights of Mrs. Emma Sanderson, wife of Thomas Sanderson, in the first tract above described, and will include the reversionary interest in the homestead.

The sale will be made on a credit of twelve months and in bar of the equity of redemption, and the purchasers will be required to give notes, with good personal security, bearing interest from date of sale, with a lien retained on the land to secure the payment of the purchase money.

This is a very valuable property, and has FINE GRIST MILL and Wood Churning Machine on it, with good dwelling, outbuildings, &c.
Sept. 22, 1882.
R. N. HOOD,
Trustee and Special Commissioner.

No Whiskey!

BROWN'S IRON BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

BROWN'S IRON BITTERS is guaranteed to be a non-intoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. RICE, editor of the American Christian Review, says of Brown's Iron Bitters:

Cin., O., Nov. 16, 1881.

Gents:—The foolish wasting of vital force in business, pleasure, and vicious indulgence of our people, makes your preparation a necessity; and if applied, will save hundreds who resort to saloons for temporary recuperation.

BROWN'S IRON BITTERS has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.

7

MRS. LYDIA E. PINKHAM, OF LYNN, MASS.,

Woman can sympathize with Woman.

LYDIA E. PINKHAM'S
VEGETABLE COMPOUND.

For all those Paltry Complaints and Weaknesses common to our best female population. It will cure entirely the most stubborn cases of Biliousness, Indigestion and Derangement, Falling and Displacements, and the consequent Neuralgia, Headaches, and general debility, and is particularly adapted to the Change of Life.

It will dissolve and expel worms from the stomach at an early stage of development. The tendency to premature menstruation is checked very speedily by its use. It removes flatulency, belching, distention, cramping, constipation, and relieves weakness of the stomach. It cures Bloating, Headaches, Nervous Prostration, General Debility, Sleeplessness, Dyspepsia and Indigestion.

That feeling of bearing down, running pain, weight and backache, is always permanently cured by its use. It will at all times and under all circumstances increase harmony with the laws that govern the female system.

For the cure of Kidney Complaints of either sex this Compound is unsurpassed.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND is prepared at 25 and 26 Western Avenue, Lynn, Mass. Price 50¢. For bottles for sale, see list in the form of pills, also in the form of lozenges, on receipt of price, \$1 per box for either. Mrs. Pinkham freely answers all inquiries, and for particulars, address as above. Mention this paper.

No family should be without LYDIA E. PINKHAM'S LIVER PILLS. They cure constipation, biliousness and torpidity of the liver. 25¢ per box. Sold by all Druggists.

FREE!
RELIABLE SELF-CURE

A specific preparation of the most pure and correct ingredients, for the cure of all the most stubborn cases of Biliousness, Indigestion and Derangement, Falling and Displacements, and the consequent Neuralgia, Headaches, and general debility, and is particularly adapted to the Change of Life.
